Name: Sheila C. Ewing, Ph.D. Title Director of Curriculum

Address: 8550 Woodfield Crossing Blvd. Phone: (317) 845_9400

Statements and Assurances:

1. The school corporation or charter school intends to participate in the Graduation Qualifying Examination Remediation Grant Program.
2. The school corporation or charter school agrees to abide by the program criteria.
3. The school corporation or charter school will submit a remediation report to the Department of Education upon request. It is the corporation or charter school's intent to offer the following programs(s) to eligible students:

(Please \checkmark all that apply)

Summer School	Before School	After School	During School Day	Non-School Day	Staff Development to Support Remediation	Other (please explain below)
X		X	X			X

Please explain "other" programs and how programs that operate during the school day will augment regular instruction in English, Mathematics or both: Students who do not meet the state standards on the GQE are scheduled into additional sections of mathematics and/or English during study hall or in place of an elective class. These students also take their regular math and English classes. During school support also includes tutoring in the Learning Center.
