This is our 16th annual Summer Programs brochure, listing the many opportunities for school age children offered by the Metropolitan School District of Washington Township, Indianapolis, Indiana. We hope you find this compiled information helpful in planning your activities for the summer of 2015.

~-registration~

Summer Enrichment classes are open to all students, whether or not they are Metropolitan School District of Washington Township residents. Other programs (but not all) also welcome students from surrounding communities. Please inquire about the class or program you are interested in.

~grade levels~

Grade levels refer to the grade the student will enter for the 2015-2016 school year unless otherwise described.

J. Everett Light Career Center is committed to equal opportunity and does not discriminate on the basis of age, race, color, sex, handicapping conditions, or national origin including limited English proficiency, in any employment opportunity. No person is excluded from participation in, denied the benefits of, or otherwise subjected to unlawful discrimination on such basis under any educational program or student activity.

If you have experienced discrimination under such educational programs or activities, written inquiries about procedures that are available and for consideration of complaints alleging such discrimination should be directed to:

Dear Washington Township Residents,

The J. Everett Light Career Center is such a rich resource for learning in our community. I am amazed every time that I visit the building, to see the extensive opportunities that the center offers to students. And I am equally pleased, that the center is able to extend many of those offerings beyond the traditional school day and beyond the traditional school year, to people of all ages and walks of life. As the Superintendent of Washington Township, I invite you to explore this catalog and to consider the many opportunities that exist to further your education and personal growth. As a Superintendent, I am proud that a place such as the J. Everett Light Career Center exists within my township. As member of this community I feel fortunate to have these many educational opportunities available.

At the beginning of this school year, Washington Township became a fully authorized International Baccalaureate (IB) World School district. We are the first school district in Indiana and one of only seven districts in the United States to offer the IB program to every student, in every school district-wide. North Central High School has offered the rigorous IB Diploma for more than 20 years, making it the state’s most established and prestigious IB Diploma Program. This connection with IB is an extension of our commitment to bring high quality education to every student in every school.

I encourage you to take a moment to learn more about the International Baccalaureate programs and how these programs are contributing to the continued excellence of Washington Township schools. For your convenience, I have included the International Baccalaureate Organization website below.

As residents of Washington Township, please take advantage of the wonderful opportunities that you will find within this catalog, and please continue to celebrate with us in the many ways that our schools strengthen our community.

Thank you for your continued support of our amazing schools in Washington Township. We could not have superior schools, without the supportive community that you are.

Sincerely,
Dr. Nikki Woodson
Superintendent,
MSD Washington Township

Learning Under the Sun 2015: Indiana’s Hidden Treasures

For students entering grades 4-8

Learning Under the Sun (LUS) is a summer science-enrichment program for students entering grades 4 – 8. The theme for the 2015 LUS program is “Indiana’s Hidden Treasures”.

Each day will be packed with exciting, hands-on lessons where students will be building air rockets, working with duct tape, constructing electrical circuits, studying boot designs, participating in a fun community service project, hiking, playing drums and enjoying the “Strawberry Festival”.

The overnight trip is a fun action packed trip. The students will visit the South Bend Chocolate Factory, travel to Notre Dame for a tour, eat at the famous Notre Dame cafeteria, and attend the South Bend Cubs minor league baseball game. We will travel to Indiana Wesleyan to spend the night in a dorm. We will eat breakfast in the cafeteria and participate in a science demonstration on Friday morning, June 19th, before returning to Nora Elementary at 12:00 p.m.

Transportation to all field experiences will be provided by LUS. Parent(s)/guardian(s) must provide daily transportation to the base location at Nora Elementary School, 1000 East 91st Street. All materials, equipment, and supplies are provided, as well as breakfast and lunch.

Dates: June 8-19, 2015
Time: 7:45 a.m. – 3:00 p.m.
Cost: $230 ($50 due w/application)
Location: Nora Elementary
Age: Students entering grades 4-8

Animation

Animation is the rapid display of a sequence of images of 2-D or 3-D artwork or model positions in order to create an illusion of movement.

This beginner-to-intermediate, 5-day course introduces students to the art of animation by using various techniques and materials. By applying either digital or stop-motion methods, the student will learn how to develop, create and produce his/her own movie. The goal of this course is to promote observation, creativity, organization and teamwork.

Introduction to 3D Modeling

For ages 12 and up

3D is everywhere these days, most commonly in feature films and television. However, new applications and technology are allowing 3D to also be “printed”, opening up possibilities of creative expression, manufacturing and even science and medicine.

This course will introduce the concept of creating 3D objects using computer applications. Students will receive instruction on the navigation of 3D space in a computer application, how to use basic toolsets, how to sculpt and manipulate the virtual meshes, and ultimately complete their own model that will be printed on a 3D printer.

Dates:  
**Session 1**  
June 8 – June 12

**Session 2**  
June 15 – June 19

Time:

**Music Recording and Mixing Workshop**

Learn the basics of recording and mixing music in the audio studios of J. Everett Light Career Center, home of WJEL Radio.

If you play guitar, drums, piano, or any instrument, love to sing or rap and desire to create your own music, this workshop will be perfect for you.

Middle School students will learn tracking and mixing techniques, along with MIDI recording and editing. High School students will have the same choices or they may bring in the whole band for recording sessions in the studios. You’ll have access to 8 project studios, 2 recording studios and all the gear you need to create your songs. i-Mac computers in each studio feature Pro Tools, GarageBand, and Reason digital audio software. Each studio has Midi capability.

CD authoring software and equipment will allow you to leave with your finished product on a professionally labeled CD.

Sessions open to students going into grades 6-8 and 9-12. Musical experience is helpful, but not necessary.

**The Summer Challenge Art Program 2015**

Art classes, taught by experienced North Central art teachers, will offer high school students with a serious interest in art, a chance to work in a conceptual approach.

The program will focus on drawing, painting, design, and computer generated art. Art assignments will be developed to help the student work in techniques and fundamentals as well as allow the student to use their creative license in making art.

The Summer Challenge Art Program is open to (Grades 9-12) entering 9th, 10th, 11th, and 12th grade students. Graduating seniors with a serious interest in art, can apply.

The Summer Challenge Art Program is not a summer school class. Students will not receive credit for attending the program.

The Summer Challenge Art Program students will meet in the art department at North Central High School, from 9:00 a.m. to 3:00 p.m., with an hour for lunch, daily. Students receive approximately 25 hours of instruction. The cost of the program is $145.00. This includes the cost of materials and supplies. The class will be limited to 20 students. Students are responsible for providing their own lunch. Students are not permitted to leave campus for lunch unless prior permission has been given by parent or guardian.

**Dates:** July 6 – 10

**Time:** 9:00 a.m. – 3:00 p.m.

**Cost:** $145

Qu.E.S.T.

Quality Education Supported by Technology

Located at Northview Middle School (Indianapolis, IN), Qu.E.S.T. is a high school credit program offered to any Indiana student ages 16 and up. It predominately serves students from over ten area school districts located in northern Marion county and all of Hamilton and Boone counties. Courses are fully accredited and aligned with Indiana State Standards. The program consists of computer based instruction (a popular program called Gradpoint). Qu.E.S.T. attracts a wide range of learning styles and abilities because it maintains an ideal environment for its students. All courses are taught by Indiana licensed instructors who not only specialize in their subjects but also have experience in special education and technology. For a full course listing and sessions dates, call (317)259-5275 or go to msdwtcce.com for all information.

Adult Basic ED/High School Equivalency (HSE)

Adult Basic Education is a learning program to help you refresh and improve skills needed to prepare for college, help children with homework, or refresh basic skills to reenter the work force. The classes are offered in conjunction with the HSE test preparation classes because many of the learning skills are the same.

English as a Second Language Class is another learning program we offer where students can improve their ability to read, write and speak English.

Both of these programs are taught by student-friendly teachers who offer quality instruction. We will be starting classes in July. Please call 259-5275 for further information regarding the classes and to get signed up for an intake/assessment date. All classes require an assessment before entrance. The ABE/HSE assessment costs $20, but all classes are free.
