## Operations Spotlight Jerry Vaughn, Building Foreman

Jerry Vaughn has been an employee in Washington Township for 34 years! He has worked in Operations at North Central, Harcourt, and has spent the last 10

years serving as the Building Foreman at John Strange. Jerry has enjoyed singing and playing drums in his gospel band for more than 30 years, and loves playing at church. As an avid sports fan, you will frequently find him rooting on the Colts, the Pacers and Indiana University. When asked what his favorite part of the job was, Jerry said that he "loves being around the kids.", and that the job "changes everyday. That keeps it interesting and never boring!"

The staff and students at John Strange thank you Jerry!

## Maintenance Department Goes Mobile!

MSDWT Maintenance Technicians recently received training from the Technology Dept. They are now using their iPads to submit work orders through School Dude Maintenance Direct, photographing items that need to be repaired, and using email to communicate with other staff members. Not only are they saving time, but they are reducing the need to print and file paper documents!

*"Our crew has become quite efficient in the use of their iPads in tracking and completing work orders. Since August 1<sup>st</sup> our crew has completed over 1500 work order requests, which translates to over a 94% efficiency level. As always I'm very proud and honored to be a part of this team."* - Bruce Goberville, Maintenance Supervisor

## Child Nutrition Update

In October, Child Nutrition Services celebrated National School Lunch Week. The theme this year was "Get on Board with School Lunch". Schools gave away assorted prizes for students participating in the lunch every day, including iTunes gift cards and a Fit Bit!

In November, all Child Nutrition staff participated in Professional Development at NCHS. They received training on portion control, food presentation and nutritional guidelines. Other topics included Safe Serve sanitation, dish machine cleaning, maintenance and safety.

*Chef Justin Miller and Rachel Miller  
RD from Piazza Produce.*

## Washington Township S.R.O. Completes Indiana Law Enforcement Academy Training

Congratulations to Officer Chris Robinson, who graduated from the Indiana Law Enforcement Academy on Feb. 2, 2018. As part of Class 213, Officer Robinson spent 15 weeks training in criminal and traffic law, firearms, vehicle operations, physical tactics and a variety of other police related subjects.

*"The ILEA is an intense and thorough training, one that will be extremely beneficial to the Washington Township School Police Department. We are very proud of Officer Robinson!" - Angela Britain-Smith, Director of Operations*

## Mark Wagner - Capital Projects Manager

The MSDWT Operations Division would like to welcome the newest team member, Mark Wagner, Capital Projects Manager. Mr. Wagner, working alongside Marvin Murdock (Capital Projects Consultant) will oversee Capital Projects approved by the 2016 referendum. Mark has 15+ years of experience in capital project planning and facility management, including roles at Roche Diagnostics, MacAllister Machinery and Ascension Health.

**Welcome Mark!**
