

# Beyond Equity - Call to Action

## It Takes A Village

*We appreciate your engagement in this important area impacting students in WT Schools and look forward to your support as we strive for continuous improvement beyond equity. It takes a village to support an entire school community. While our teachers, staff, administrators, and School Board members continue to work diligently to prepare our young people for the educational, employment, and public service opportunities of the future, we need your help to provide additional support for our students.*

  - to support our 21st Century program
- Partnering with WT to provide support programs for our students before/after school
- Supporting funding or sponsorship for administrator, teacher and staff professional development and training
- Providing resources to staff (videos, training materials, books, etc.)
- Participating in our district coalition being formed to have ongoing conversations to develop additional strategies
- Connecting WT to large urban public school systems who have closed the racial achievement gap
